Building Permits Issued

Status Date Between 11/29/2021 and 12/5/2021
City: ALL Inc/Uninc: Unincorporated

BIE21-011481	E	Issued	12/1/2021	\$1,500.00	Upgrading to a 200a service. The existing service is a 100a service. There will be no added loads or sqr ftg. The existing panel is a Federal Pacific, which is the reason it is being upgraded. The existing location does not meet the clearance requirements to the PG&E Gas riser so the panel will be required to be relocated. The point of attached will remain the same.	1500	354101005	715 ALHAMBRA ST	CROCKETT

Table with 10 columns: NUMBER, TYPE, STATUS, ISSUED, VALUATION, DESCRIPTION, SQ FT, PARCEL, ADDRESS, CITY

BIE21-013885 E Issued 12/1/2021 \$500.00 This permit is just for an inspection of the existing main electrical panel. No changes to the electrical service are intended. 500 570222013 534 KENYON AVE KENSINGTON

534 Kenyon Ave is mostly without power after recent storm damage to the weatherhead.

PG&E requires that Contra Costa County provide an electric meter release within the last 12 months to confirm the panel still meets current code requirements before they can resolve the damage.

A new 100 amp meter main service panel was installed on 4/14/2016, with permit number BIE16-003521 (finaled). No changes have been made to the electrical system since then. Unfortunately, that inspection is not within the last 12 months and will not be accepted.

The contact at PG&E managing this case is Alayna Berger (209-222-0363).

We request expedited processing of this permit, please. The house is not safe or usable with most of the power turned off, and some flickering.
