Re: Pacheco Boulevard Alignment Study

Dear Ms. Muth:

Rami

The City and Contra Costa County are completing the Alignment Study for Pacheco Boulevard. The study encompasses the segment of Pacheco Boulevard from Morello Avenue to Blum Road. Las Juntas Elementary School is within the Study Area.

The team would like to offer to meet with you, Bruce Leslie, other staff members or consultants to review the Draft Study. I have attached the Public Workshop information that was presented on April 27th and a project Fact Sheet.

Please contact Randy Leptien, LCC at (925) 228-4218 to coordinate a meeting.

Sincerely,

Tim Tucker, P.E.
City Engineer
