COVID-19 IMPACT ON BUSINESS AND COMMERCIAL PROPERTY VALUES

(Martinez, CA) – The Contra Costa County Assessor's Office recognizes that COVID-19 restrictions may have severely impacted many businesses and commercial property owners and may have led to a reduction in property values. In order to provide assessment relief to those who may have been impacted, the Assessor's Office is legally required to have qualitative evidence to support a reduction in value.

Not all businesses and commercial properties have been affected, but if you believe the value of your business or commercial property has dropped below the current assessed value due to COVID-19, Assessor, Gus Kramer, urges you to please visit our website at the link below for guidance on what information and documentation to submit to our office for a **FREE** review of your assessed value.

For information and forms to request a 2021-2022 value review, please visit the link to the Assessor's webpage "Review Your Value" at:

<https://www.contracosta.ca.gov/6919/Review-Your-Value>.
